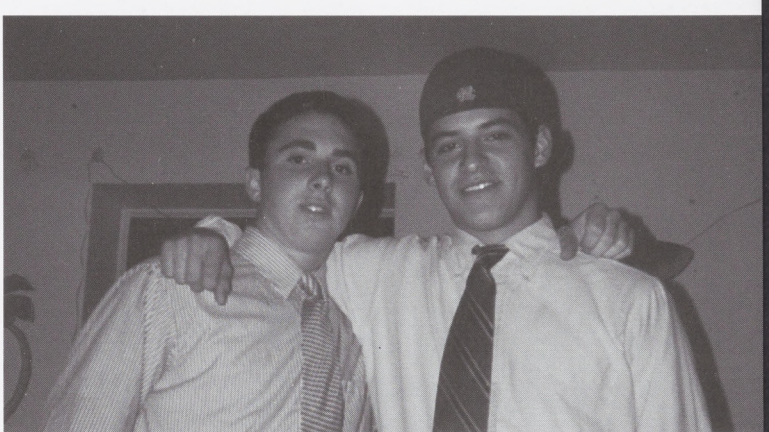
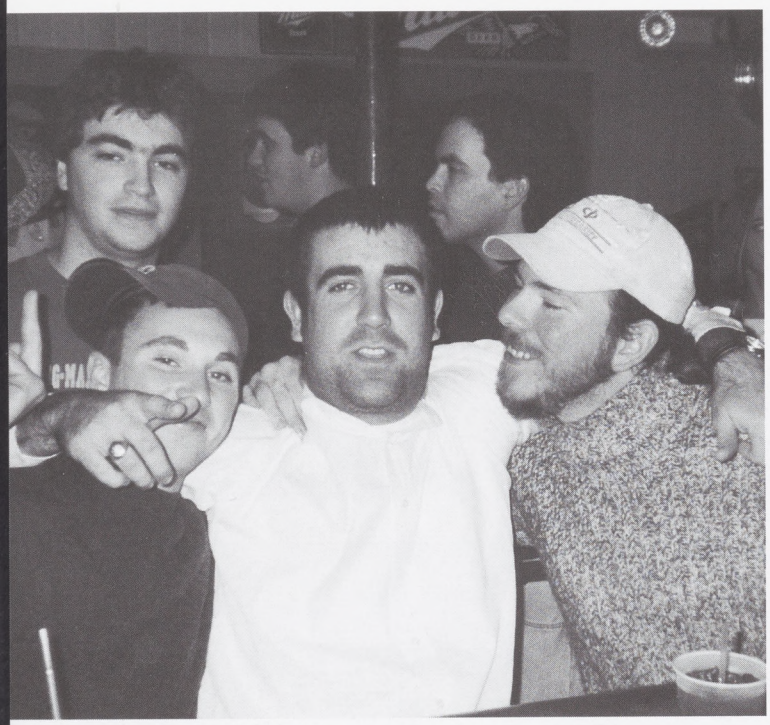
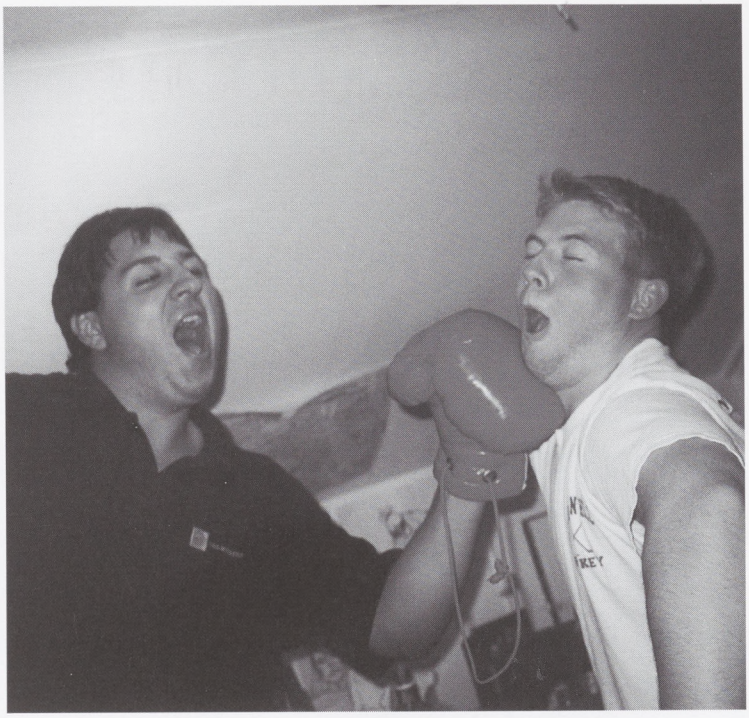
Theta Delta Chi

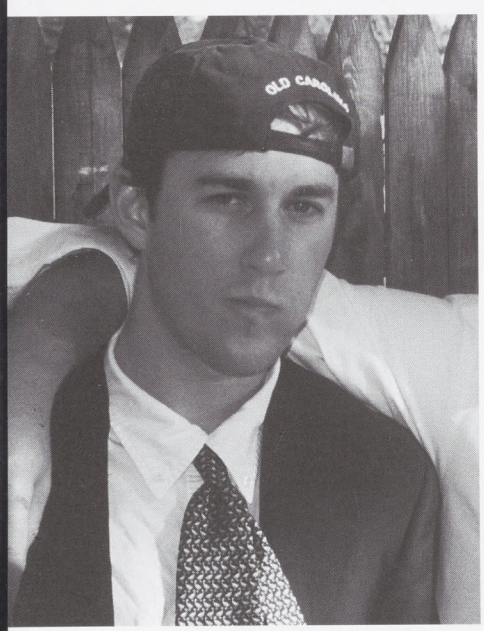
The Psi Charge of Theta Delta Chi boasts its 134th year at Hamilton College. The Theta Delts are a very close-knit group of stellar athletes and scholars. This year we boast the highest GPA out of any fraternity at Hamilton. We incorporate the most diverse brotherhood on the campus that encompasses the traditions our fraternity was founded upon. Our brothers play a total of 7 varsity sports, including the captains of the lacrosse and baseball teams, and members of the football, tennis, squash, and hockey teams. We also contribute to all of the intramural sports on campus. Other interests of the Theta Delts include fishing, hunting, kayaking, hiking, and spelunking (one who explores caves chiefly as hobby; a caver). We also have brothers in *The Buffers*; isn't that great?!?! The brothers also do their share of socializing. Along with supporting the local economy downtown, we throw the best parties of the year and support many on-campus events. So basically, Theta Delta Chi is the best fraternity on this campus.

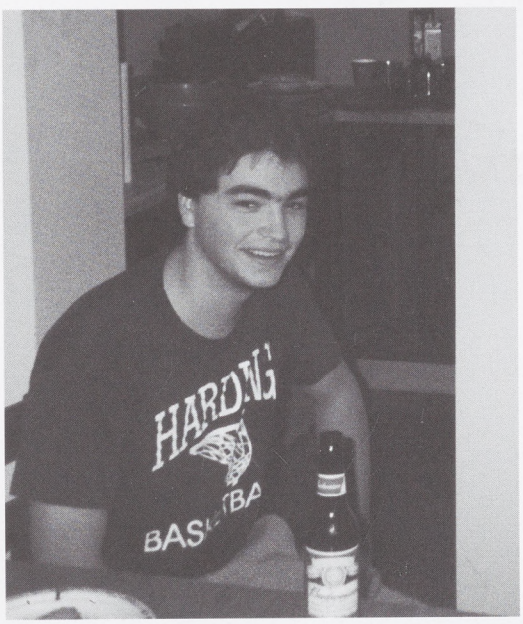
Thank you for your time.

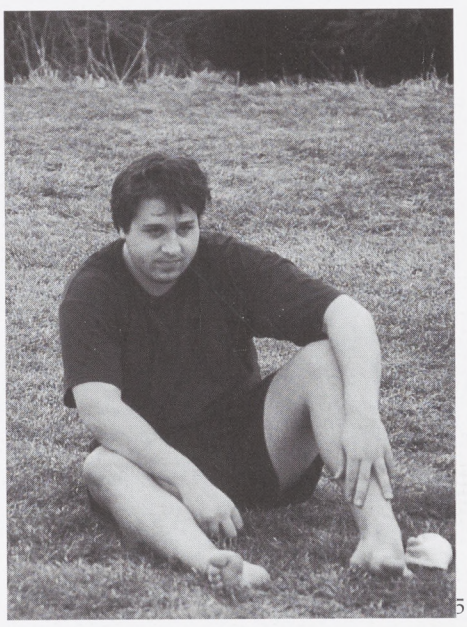




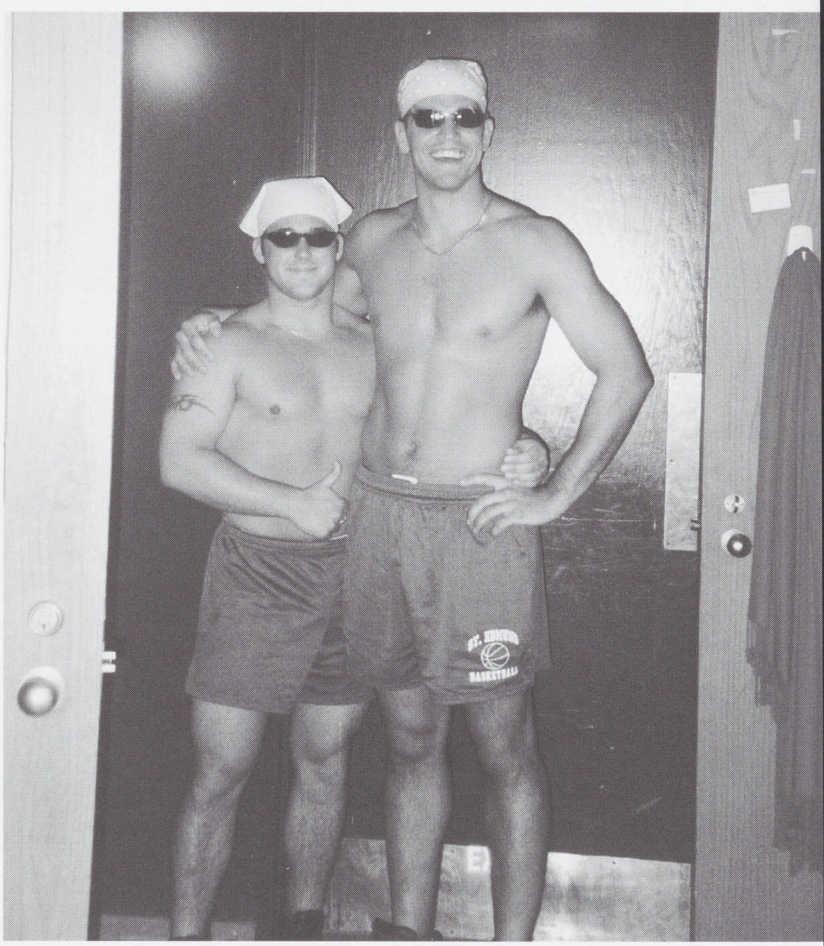


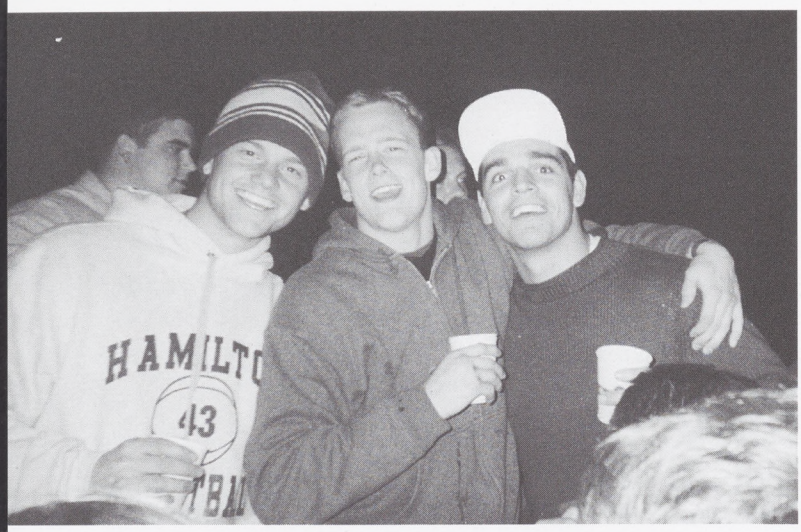






Delta Upsilon





HAMILTO

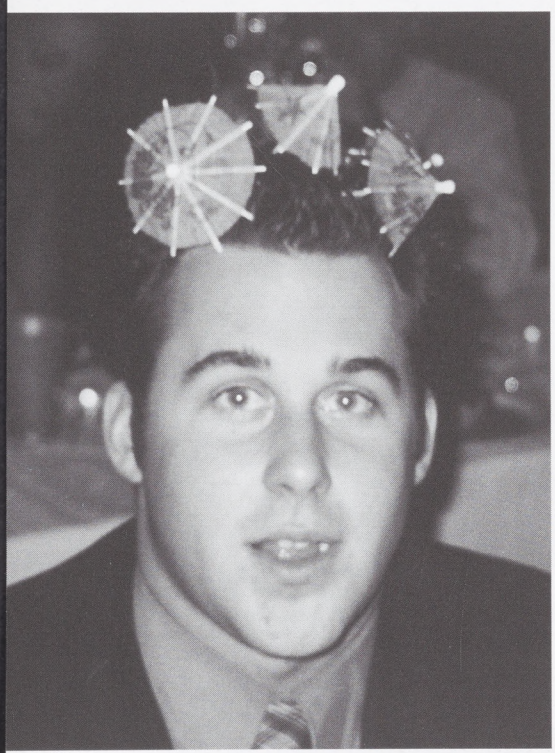
USA



HAMILTON

Psi Upsilon

This year the Psi celebrated our 159th year as a chapter and 169th year as a fraternity. Some forty brothers returned to the hill, rearing to go, bold as usual. Brothers acted as captains of golf, hockey and lacrosse teams, and played football and baseball as well. Student Assembly has Psi U's as did Dean's List, and many notable public interest groups, too numerous to list. Philanthropy activites include numerous campus clean ups, town volunteering, Blood Drives, Mr. Hamilton, AIDs Walk and many others.

And so, here is a brief recap of what the steps of Old Psi U have seen. Scoop practiced his driving on pool tables at the VT. Butch drove away from local children. Hector and Donkey Dave dove for the bottom of the Hamilton barrel. Restraining Order Chip lived up to his name. Compete ITS Electronicsberg programmed weirdness. Weird Randy don't kill me, Big Show wanted to be a park ranger. Mully taught his firefighting skills to TField. Touchdown shot at commons vagrants. Deano was a Russian snow trooper. Timothy H. Schlabombs got mean fisted. Cat became skinny and weird. D-Lax was tamed much to our dismay. Kid was dishonorable with something to discuss. Murder gave up beer for dankness. Kevi cuddled. Bagge munched. Skills made girls go crazy. The Judge was honorable and had nothing to discuss. Bucked Ba gave up on Bo. Cohen tried hard to be a meat head. Gballz wasn't drunk, unfortunately Billy was. S joined the Marines....seriously.

We had our infamous 70s and St. Thomas parties, initiated 17 bold neophytes, and downsized Canadians. In the end the house stood, the brotherhood prevailed, and all loved college. The Owl can't believe it, but he's up for it; and with pledges like Show time, NItz, Oz, Cooter and Sweet Juice, how can anything go wrong? Another year will answer that, if we all make it.

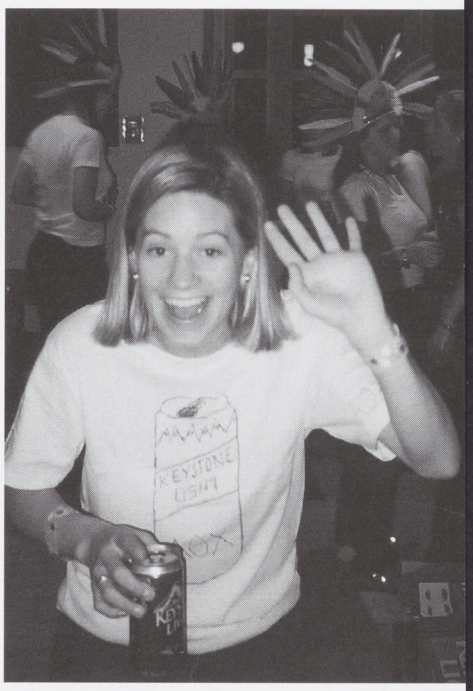
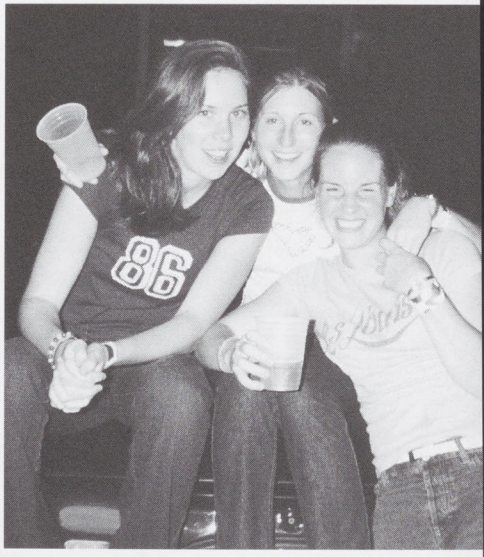
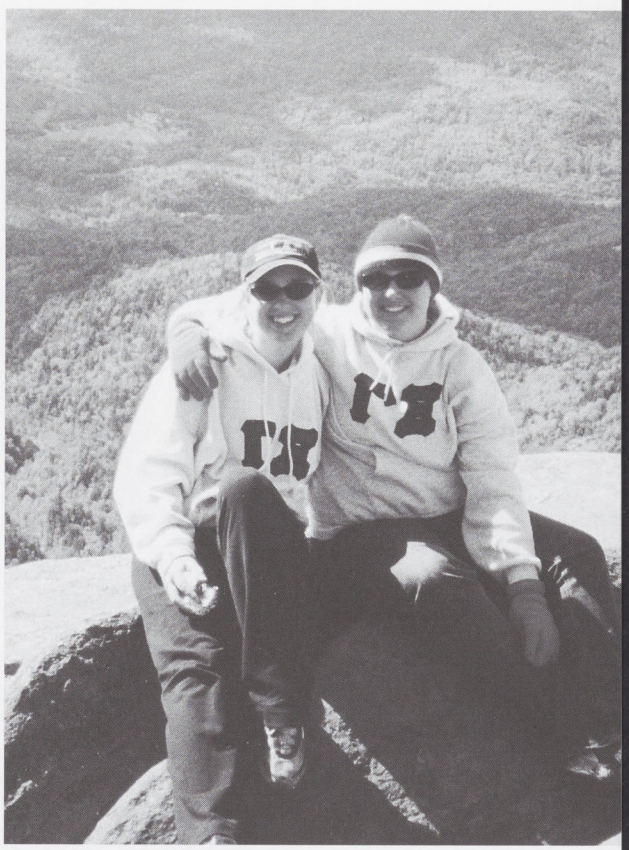
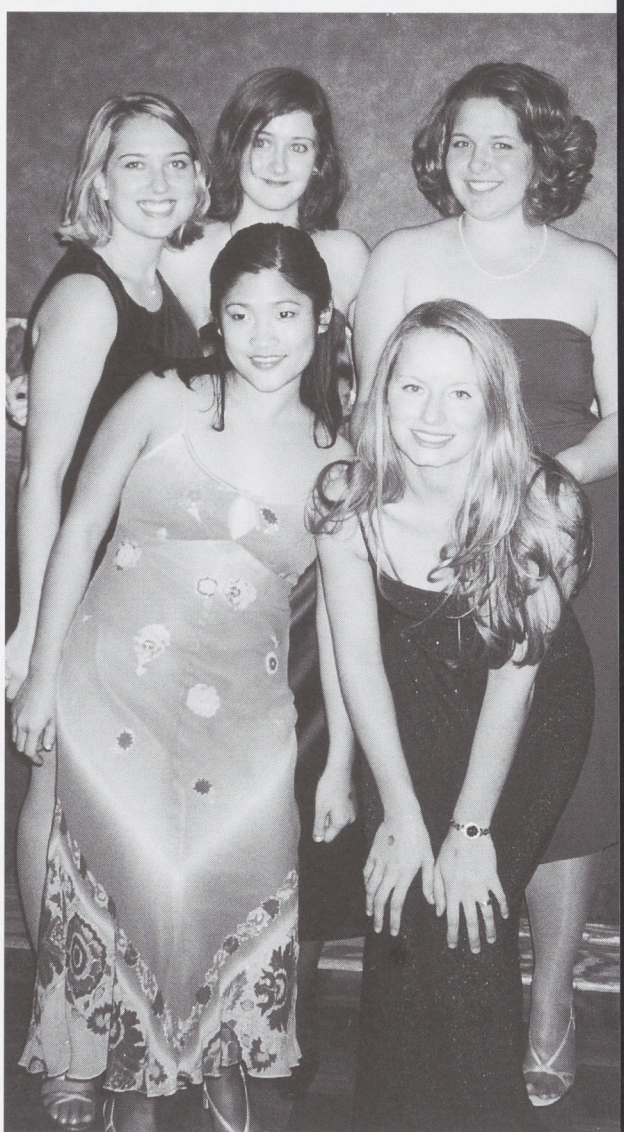
Alpha Theta Chi



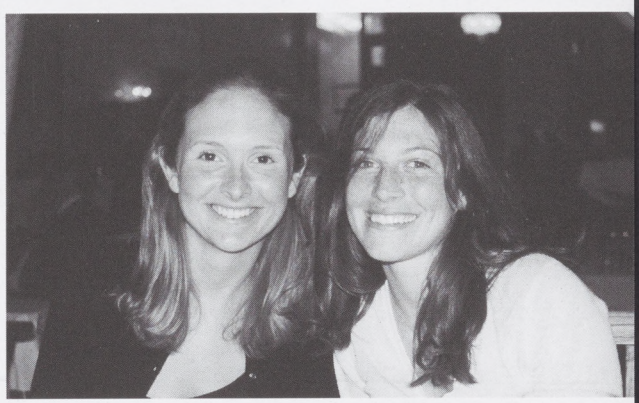


Gamma Xi





Phi Beta Chi



Alpha Chi Lambda

Alpha Chi Lambda is the newest society on campus. Founded in 2000, Alpha Chi Lambda was created to promote sisterhood among all Hamilton women through cultural awareness, academic achievement, community service and self-improvement. We welcome the opportunity to develop unity and sisterhood through social, scholarly and charitable activities. Our members span a variety of cultures including European, Carribean, African and Asian, and are involved in diverse activities on and off campus. Some of these activites include: Campus Activities Board, Urban Delight, Black and Latin Student Union, La Venguardia, West Indian/African Alliance and Special K.

We believe that our individual culture is a central part of who we are as human beings. As a cohesive society, we stress the importance of knowing oneself and one's sisters across cultural lines. It is our belief that if we can cross these lines, then we can accomplish cohesiveness that is rare to the Hamilton community. Along with gaining unity through cultural awareness, we believe that we should use our union to make a difference on and beyond the Hamilton campus. We also plan to raise funds for non-profit organizations such as The Salvation Army. Along with philanthropic activities, we strive to unite our sisters through activities that optimize our personal achievements. We believe that this success can be achieved by getting to know and trust one another, academic achievement and personal awareness and self-respect. We engage in activities that work toward personal development year-round. We have plans to attend seminars and conferences that will enrich our personal lives. We are certain that all the above will promote lasting friendships and self-worth within the sisterhood. We eagerly invite you to get to know us and the ideals we embrace.

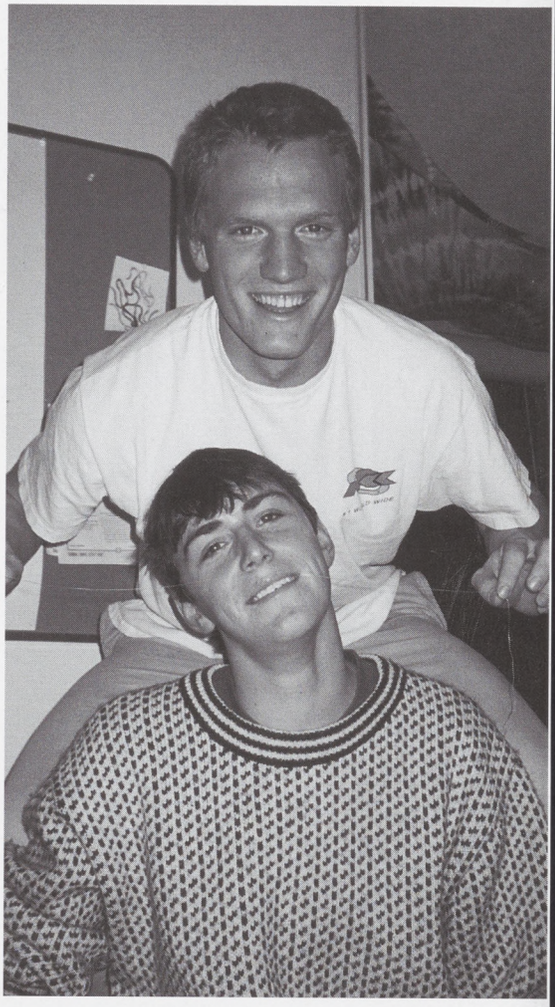
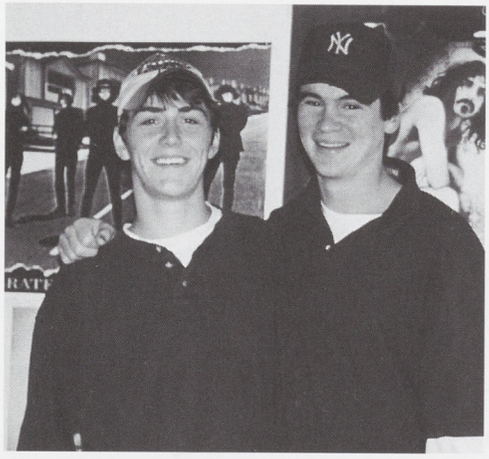
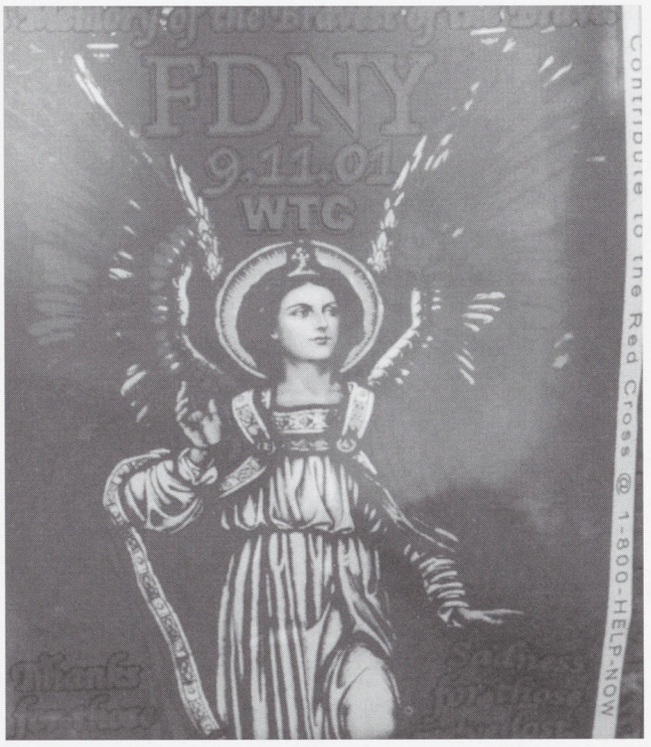
This book is dedicated in memory of our classmate Andy Collier '02





And we will always remember...



"Today I woke up and my life was changed forever. It was heard over the radio. I went to class. I didn't have to, but America didn't stop. We watched with our eyes glued to the screen. Buildings tumbling, newscasters blanked. My world, my life, my country, my fellow man was attacked...America, we must unite; we must be one. Our cities will be rebuilt and our freedom will persevere. America is the every man. America is the courageous man. We'll survive. We are America. You realize your love for your country, your love for freedom, your love for life, your love for family and friend. We are here to console each other. We will drive each other to survive. We are the every man...We are America...Tomorrow, the sky will still be blue and our flag will fly in it. It will be as bold and proud as ever. Tomorrow, we will still be the every man; tomorrow, we will still be America."

written by a Hamilton Senior

We would like to thank the following people for all of their help and everlasting support:

Our Staff: Lindy Roath, Ashley Patey, Kelly Moran, Kerry Needham and Elizabeth Buckley; Bob Carper; Lisa Magnarelli; Jeff Walters; Steve Jaynes; Theresa Gallagher; The Class of '02 and their families

To our classmates,

Best of luck wherever the road may lead you.
Until we meet again...

Katy and Ali, Editors 2001-2002

"It's not the years in your life but the life in your years that counts."
